

# Adithya Ruwanpura

Undergraduate

Athurugiriya, Sri Lanka

Phone: +94701467439 | Email: adithyashena@gmail.com

LinkedIn: adithya-ruwanpura | GitHub: Adithyaruwanpura

## Professional Summary

Motivated and detail-oriented undergraduate software engineering student with hands-on experience in full-stack development and UI/UX design. Experienced in working on real-world projects and internships, demonstrating strong problem-solving abilities, adaptability, and a commitment to learning. Seeking an internship opportunity to apply technical skills and contribute to innovative projects in the software industry.

## Technical Competencies

- **Languages:** Java, Python, JavaScript, HTML, CSS, Dart(basic)
- **Frameworks:** Spring Boot, Next.js, Tailwind CSS, react.js, Bootstrap, ASP.NET, Flutter
- **Design:** Figma, Adobe XD, Lottie
- **Cloud/DevOps:** Docker(basic), Git, GitHub Actions, Maven
- **Databases:** MySQL, PostgreSQL(basic)
- **Tools:** REST APIs, VS Code, Postman, Canva, Excel, Android Studio
- **AI & Automation:** Microsoft Copilot, GitHub Copilot, ChatGPT 4, Google Gemini
- **Soft Skills:** Leadership, Communication, Problem-solving, Adaptability, Critical Thinking

## Work Experience

**Arya Labs (Pvt) Limited, Sri Lanka**

*Intern Full-Stack Software Developer (Remote)*

2024/01–2024/06

- Collaborated with remote teams following Agile development practices.
- Gained hands-on experience with real-world software development workflows, including version control (Git/GitHub).
- Developed full-stack web applications using modern frontend and backend technologies.
- Applied UI/UX principles to create user-friendly interfaces for web applications.

**Fire Défense Engineering Solution (Pvt) Ltd, Homagama**

*Account Assistant*

2023/10–2024/01

- Assisted in maintaining financial records and documentation.
- Supported administrative and accounting operations.
- Improved organizational and data-handling skills in a professional environment.

## Education

- BSc (Hons) in Software Engineering (U.G.C) 2024-2027  
NSBM Green University
- BEng (Hons) in Software Engineering (*Info schol Program*) 2023-2024  
IIT Campus
- Diploma in Information Technology, SITC Campus 2022-2023
- Diploma in Human Recourse Management 2022-2023  
Association of Business Executives (ABE), UK
- Trainee Full-Stack Software Developer Course 2022-Prasent  
University of Moratuwa
- G.C.C. Advanced Level – Commerce Stream (z-core 1.048) 2022

## Key Projects

- **Event Management System** – Designed UI/UX and system structure for event booking and management.
- **POS System** (*Academic Project*) – Designed UI and Developed a full-stack POS system with React frontend and Spring Boot backend, featuring HRM, payroll, customer management, and reporting modules.
- **LMS System** (*Academic Project*) – Designed a Learning Management System suitable for users with disabilities.
- **Online Auction Platform** (*Academic Project*) – Developed a web-based auction system using ASP.NET, enabling user registration, product listing, bidding functionality, and database-driven bid management.
- **Donation Platform** (*Ongoing*) –Developing a full-stack web application for managing donations, featuring user registration, authentication, donation tracking, and database integration using modern web technologies and ORM tools.

## Certifications

- Cisco Network Academy: Introduction to Cyber Security
- Figma to Lottie Certification
